To: Douglas Panzer <dpanzer@flblaw.com>

Dear Douglas,

I appreciate our recent conversation. Per our conversation, It is my desire that your client (DSFG) opens up a dialog wherein I would provide them with all necessary information. By entering into the standstill agreement, DSFG will have all necessary information to make an informed decision as to whether or not litigation could be prevented.

With regards to your question as to whether or not the litigation would be filed in your district, the clear answer is NO. I randomly picked the number you seen on your caller ID to identify with your area, I am not located in that area.

Thanks,  
David
